PROGRAM DESCRIPTION:

Camp Ready4K is a JCPS-funded program with documented, repeated success in boosting kindergarten readiness levels for students moving from Early Childhood to Kindergarten. For nearly ten years, we have held our popular and successful camp. Be prepared to change the life of a child with proven, engaging instructional materials and methods. Join our team.

MINIMUM REQUIREMENTS:

Employees must be available to work the entire length of the program, including two mandatory training days prior to the camp. School readiness is the focus of this program. Applicants must be familiar with, and priority will be given to, those who have a strong understanding of early childhood and/or kindergarten best practices. The ability to implement rigorous, engaging learning activities for a classroom of 4—and 5-year-old children and effective experience with classroom organization and management are essential.

DESIRABLE REQUIREMENTS: Previous experience working with preschool-age and elementary students is desirable.

SPECIAL REQUIREMENTS:

Assignments are based on programmatic needs and based on specific credentials needed for Early Childhood or Kindergarten. ECE and Elementary Teachers must have experience with Early Childhood or elementary students. Instructional Leads must have EC instructional coach experience or equivalent.

Exceptional Child Education

2024 Exceptional Child Education Extended School Year (ESY) Program

ECE Certified Teacher Positions

The Exceptional Child Education Extended School Year (ESY) program will be held at various district locations this summer. The determination of ESY services are made on an individual basis by the ARC. Qualifying students will receive ESY services during the summer months in accordance to their IEP and ESY Service Plan. Teachers who apply must be certified in the category of the qualifying students and must be able to complete the summer assignment. District ESY Teachers will be assigned a location or locations and a caseload of students. Service models range from individual instruction to small groups. Duties include: ensuring the supervision and safety of students, communication with parents/guardians, implementing data collection procedures, planning instruction, implementing behavior management techniques/plans, and providing assistance with personal care needs such as toileting, feeding, positioning, lifting and mobility. ESY teachers might have to travel to various locations to provide services.

Location:

Location will be assigned by the ECE ESY Office at various school or community sites based on student needs.

Student ESY Service Plans identify the duration, frequency, and range of dates for ESY instruction. Within those parameters there is flexibility for developing the work schedule. For example, a student's service plan may require five, one-hour sessions over the summer break. The ESY teacher will work collaboratively with the ESY Office and parent/guardian to schedule the five sessions.

Work Calendar:

ESY Teachers will be assigned a caseload of students based on availability. Weekly service time will likely range from 5-25 hours per week, as an estimate, with service occurring on various weeks throughout the summer.

Salary: The salary is based on the teacher's hourly rate commensurate with the regular teacher's salary schedule. Additionally, ESY Teachers may be compensated for planning up to 15 minutes per hour of instruction. Jobs are for the summer of 2024.

Qualifications: Kentucky Teacher Certification in Exceptional Child Education (in the appropriate category as needed for qualifying students.)

This position will not operate a Board vehicle

Program Administrator: Stefanie Lynch, Supervisor of Transition/ESY 502-485-6318

IMPORTANT: Please apply using the name that actually appears currently in the JCPS employee system. Applying with another name due to change in marital status, other name change, nickname, etc. could cause a delay in processing applications.
