

What Can the CSS Results Tell You?

CSS Results can tell you STUDENT, STAFF AND PARENT feelings or perceptions about:

What Can You Do with the Results?

- Compare your school Last year VS. This year
- Compare your school to the district average
- Identify 5 year trends for your school
- View results of different student groups (grade, race, etc.)

When and Where Should You Use Them?

- PLC meetings
- Faculty summer retreat
- Instructional Leadership meetings
- Common planning time
- Whole faculty meetings during the year
- Engage students in looking/discussing the data
- College going and College preparedness (High School)
