EXCEPTIONAL CHILD EDUCATION SUMMER PROGRAMS

EXTENDED SCHOOL YEAR (ESY) PROGRAM 2023

ECE Teacher Positions

The Exceptional Child Education Extended School Year (ESY) program will be held at various district locations this summer. The determination of ESY services is made on an individual basis by the ARC. Qualifying students will receive ESY services during the summer months in accordance with their IEP and ESY Service Plan. Teachers who apply must be certified in the category of the qualifying students and must be able to complete the summer assignment.

District ESY Teachers will be assigned a location(s) and a caseload of students. Service models range from individual instruction to small groups. Duties include ensuring the supervision and safety of students, communication with parents/guardians, implementing data collection procedures, planning instruction, implementing behavior management techniques/plans, and aiding with personal care needs such as toileting, feeding, positioning, lifting and mobility. ESY Teachers may have to travel to various locations to provide services.

Location: Location will be assigned by the ESY Office at various school or community sites based on student needs.

Student ESY Service Plans identify the duration, frequency, and range of dates for ESY instruction. Within those parameters, there is flexibility for developing the work schedule. For example, a student's service plan may require five, one-hour sessions over the summer break. The ESY teacher will work collaboratively with the ESY Office and parent/guardian to schedule the five sessions.

Work Calendar: ESY Teachers will be assigned a caseload of students based on availability. Weekly service time will likely range from 5-25 hours per week, as an estimate, with service occurring on various weeks throughout the summer.

Salary: Based on hourly rate commensurate with regular teacher's salary schedule. Additionally, ESY Teachers may be compensated for planning up to 15 minutes per hour of instruction.

Qualifications: Kentucky Teacher Certification in Exceptional Child Education (in the appropriate category as needed for qualifying students.)

Jobs are for the summer of 2023.

IMPORTANT: Please apply using the name that appears currently in the JCPS employee system. Applying with another name due to change in marital status, other name change, nickname, etc. could cause a delay in processing applications.
