All Applications for Summer School Employment must be completed online at:
<https://webapps.jefferson.kyschools.us/jcpsstaffing/SummerSchoolRequest.aspx>

Exceptional Child Education

2022 Exceptional Child Education Extended School Year (ESY) Program

ECE Teacher Positions

The Exceptional Child Education Extended School Year (ESY) program for qualifying ECE students will be held at various district locations this summer. Students may attend ESY at their regular school location. These services are available for any ECE student who qualifies and an ARC decides upon these services. Teachers who apply must be certified in the category of the qualifying students and must be able to complete the summer assignment. District ESY Teachers will be assigned a location(s) and a caseload of students. Service models range from individual instruction to small groups. The amount of service to be provided is flexible based on student needs. Duties could include: communication with parents/guardians, progress monitoring data collection, travel to various locations, planning instruction, providing Core Content; providing instruction in functional academics; behavior management; and providing assistance with personal care needs such as toileting, feeding, positioning, lifting and mobility.

Location: Various school or community locations based on student needs.

Attendance is flexible within the parameters of the students' ESY Service Plan and ARC committee decision. Student ESY Service Plans identify the duration, frequency, and range of dates for ESY instruction. Within those parameters there is flexibility for developing the work schedule. For example, a student's service plan may require five, one-hour sessions over the summer break. The ESY teacher will work collaboratively with the ESY Office and parent/guardian to schedule the five sessions.

Work Calendar:

ESY Teachers will be assigned a caseload of students based on availability. Weekly service time will likely range from 5-25 hours per week, as an estimate, with service occurring on various weeks throughout the summer.

SALARY: Based on hourly rate commensurate with regular teacher's salary schedule. Additionally, ESY Teachers may be compensated for planning up to 15 minutes per hour of instruction.

QUALIFICATIONS: Kentucky Teacher Certification in Exceptional Child Education (in the appropriate category as needed for qualifying students.)

Jobs are for the summer of 2022.

IMPORTANT: Please apply using the name that actually appears currently in the JCPS employee system. Applying with another name due to change in marital status, other name change, nickname, etc. could cause a delay in processing applications.
