Louisville, KY 40272)**

The Priority Teacher Institute (PTI) is a professional learning experience designed BY Priority school teachers FOR Priority school teachers; specifically for teachers new to the Priority work: including *new(er)* teachers, and veteran teachers transitioning to the Priority work for the first time.

The purpose of the PTI is to ensure Priority teachers gain the knowledge and skills necessary to successfully navigate the first few weeks of the school year.

Please join us in this opportunity to engage your Priority teachers in reflective dialogue and deeper learning about the Priority context of your school and the broader community.
