Grading Handbook

2019-2020
Introduction

This uniform Student Progression, Promotion, and Grading (SPP&G) Handbook is reviewed and approved annually by the Jefferson County Board of Education (JCBE). The SPP&G Handbook supports the philosophy and vision of the Jefferson County Public Schools (JCPS) and complies with Kentucky law.

Vision

All JCPS students graduate prepared, empowered, and inspired to reach their full potential and contribute as thoughtful, responsible citizens of our diverse, shared world.

Mission

To challenge and engage each learner to grow through effective teaching and meaningful experiences within caring, supportive environments.

Core Values

• Caring—All JCPS children are nurtured as if they are our own.
• Equity—All students receive an education that gives them what they need to thrive through differentiated supports focused on removing social factors as a predictor of success.
• Excellence—Empowering people to lead, create, and innovate is essential to creating a culture of excellence.
• Respect—All students, staff, and families are treated with dignity and respect as members of a safe and welcoming learning community.
• Individuality—Children learn differently and require personalized approaches to learning.
• Diversity—Our diversity is a strength—differences of each are assets of the whole.
• Opportunity—Effective teaching is the most powerful tool for engaging and motivating students to reach their full potential.
• Creativity—The abilities to create, innovate, and solve challenging problems are critical skills for educators and children to develop and employ in teaching and learning.
• Collaboration—Relationships, cooperation, and partnerships among students, staff, families, and community are fundamental to the success of our students.
• Stewardship—Adults model integrity, respect, and responsibility through mindful stewardship of talents, resources, and time.

Deeper Learning

Each student will progress toward mastery of both academic standards and the development of capacities and dispositions necessary for success in college, career, community, and life. Those capacities and dispositions are exemplified through the Backpack of Success Skills as students provide evidence to demonstrate that they are Prepared and Resilient Learners, Globally and Culturally Competent Citizens, Emerging Innovators, Productive Collaborators, and Effective Communicators. All students will build a Digital Backpack, which will include evidence of their transition readiness. Each student will demonstrate progress toward standards and success skills through a defense of learning in grade five.

Board of Education Policies

Promotion and Retention (Board Policy 8.22)
   All schools shall implement the uniform student progression, promotion, and grading procedures which have been developed by a broad-based committee and approved by the administrative staff and the Board. Written reports shall be sent to parents at established intervals.

   Students may advance through the established program of studies in accordance with the prescribed requirements, P1–12. Students shall not be penalized in grades 9–12 for work completed during an approved summer session.

Certificate and Transfers
   When a student in any public school completes the prescribed program of studies of the eighth grade, s/he is entitled to a certificate of completion. The certificate shall entitle the student to admission into any public high school. Any promotions or credits earned in attendance in any approved public school are valid in any other public school. In case a student transfers to the District from a school of another district, s/he may not be assigned to a lower grade or course until the student has demonstrated that s/he is not suited for the work in the grade or course to which s/he has been promoted. Procedures for evaluation of transfer records shall be contained in the Student Progression, Promotion, and Grading Handbook.

   A student who has completed the requirements established by the State Department of Education for a vocational program shall receive a vocational certificate of completion specifying the areas of competence.

Diplomas
   Upon successful completion of all state and Board requirements, the student shall receive a diploma indicating graduation from high school.

Promotion/Retention
   Student progress through the educational program shall be determined by criteria that reflects mastery of state-required capacities and is aligned with the Kentucky Core Academic Standards and as outlined in the Student Progression, Promotion, and Grading Handbook.

Students with Disabilities
   In cases which involve students with disabilities, the procedures mandated by federal and state law for students with disabilities shall be followed.

Student Conferences (Board Policy 08.221)
   Teachers shall be available for conferences requested by students. Teachers may initiate such conferences without a student request when the need is evident.

Hours of Duty (Board Policy 3.1332)
   Certified employees shall be available for conferences requested by parents. Reports to parents shall include provision for a parent or teacher request for a conference. Such conferences shall be scheduled at a mutually agreeable time to the extent possible. The Board shall endeavor to provide for parent-teacher conferences within the school calendar.

Homework (Board Policy 08.211)
   The JCBE shall approve the assignment of homework as an aid to the program of instruction when such assignments are clear and definite and originate in classroom activities. Homework assignments shall be evaluated by the teacher.

Acceleration (Board Policy 08.22)
   Pupils may advance through the established program of studies in accordance with the prescribed requirements, P1–12. Students shall not be penalized in grades 9 through 12 for work completed during an approved summer session.
Education Goals

These capacity and goal statements of the Kentucky Education Reform Act (KERA), as found in Kentucky Revised Statute (KRS) 158.645 and KRS 158.6451, are the basis for instructional programs in Kentucky public schools. All students shall have the opportunity to acquire the following capacities and learning goals:

• Communication skills necessary to function in a complex and changing civilization
• Knowledge to make economic, social, and political choices
• Understanding of governmental processes as they affect the community, the state, and the nation
• Sufficient self-knowledge and knowledge of their mental health and physical wellness
• Sufficient grounding in the arts to enable students to appreciate their cultural and historical heritage
• Sufficient preparation to choose and pursue their life’s work intelligently
• Skills to enable students to compete favorably with students in other states and other parts of the world

Furthermore, schools shall:

• Expect a high level of achievement from all students.
• Develop their students’ abilities to:
  – Use basic communication and mathematics skills for purposes and situations they will encounter throughout their lives.
  – Apply core concepts and principles from mathematics, science, arts and humanities, social studies, English/language arts, health, mathematics, and practical living (including physical education) to situations they will encounter throughout their lives.
  – Become self-sufficient individuals.
  – Become responsible members of a family, work group, or community as well as an effective participant in community service.
  – Think and solve problems in school situations and in a variety of situations they will encounter in life.
  – Connect and integrate experiences and new knowledge from all subject matter fields with what students have previously learned and build on past learning experiences to acquire new information through various media sources.
  – Express their creative talents and interests in visual arts, music, dance, and dramatic arts.
• Increase student attendance rates.
• Reduce dropout and retention rates.
• Reduce physical and mental health barriers to learning.
• Be measured on the proportion of students who make a successful transition to work, postsecondary education, and the military.
Procedures for Elementary School

The JCBE has approved the following procedures for assessing the progress of JCPS students. The philosophy of continuous progress is the direction for elementary schools. This means students are allowed to move through the curriculum with instructional design and placement being adjusted as needed. Progress is documented by teachers, and progression is determined by the students’ application of skills, concepts, and understandings listed in the Kentucky Academic Standards (KAS)/Program of Studies. Evidence of student learning progression is maintained for each student.

Philosophy

JCPS provides every student, without exception, both the opportunity and the necessary support to benefit from a high-quality educational experience. We believe that student retention is not an effective practice. Therefore, students who are struggling or who are at risk of failure will be identified early and provided the necessary support to meet state standards and to be prepared for the next instructional level. Formative assessment and evaluation are planned parts of the curriculum. Educators are expected to be actively involved with parents/guardians and students in assessing, evaluating, intervening, enriching, and communicating the progress of each student.

Practices

School-Based Decision Making (SBDM) Councils, in collaboration with all stakeholders, are encouraged to explore various organizational structures and instructional practices that support achievement of individualized learning goals through continuous progress for all students. By analyzing assessment results and differentiating instructional strategies, SBDM Councils, in collaboration with all stakeholders, develop a school culture and instructional program that will ensure the success of each student.

Primary Program

The Primary Program is the part of the elementary school in which students are enrolled from the time they begin Primary (formerly kindergarten) until they are ready to enter grade four.

Intermediate Program

Grades four and five constitute the Intermediate Program.

Elements of Academic Grades

Teachers will use a balanced approach by using three grading categories (Engagement, Progression, and Mastery) to determine grades for each subject. Academic grades are based on standards and reflect what the student knows and is able to do. Each of the three categories must be represented, and each category shall include a variety of evidence/assignments. Participation points are not attendance points, and academic grades are not reduced as punishment for misconduct. Special area teachers shall ensure that each of the three categories is represented; however, special area teachers’ grades may not always include a variety of evidence/assignments in each category.

A copy of the teacher’s grading procedure must be supplied to the students, parents/guardians, and the principal.
Explanation of Academic Grades

This handbook is reviewed and approved annually by the JCBE and shall be used by schools for the assessment of individual student progress. Student progress for core subjects is reported using the following performance codes:

**Primary Program (Kindergarten–Grade Three)**
- O .......... Outstanding—work consistently exceeds grade-level expectations/standards.
- S .......... Satisfactory—work meets grade-level expectations/standards.
- NI......... Needs Improvement—improvement is needed to meet grade-level expectations/standards.
- U .......... Unsatisfactory—work does not meet grade-level expectations/standards.
- N/A....... Not Applicable—not taught this nine weeks

**Intermediate Program (Grades Four and Five)**
- A .......... Above Standards .......................................................... 90–100%
- B .......... Meets Standards .......................................................... 80–89%
- C .......... Approaching Standards............................................... 70–79%
- D .......... Below Standards.......................................................... 60–69%
- U .......... Substantially Below Standards............... Below 60%

Student progress for related arts is reported using the following performance codes:

**Practical Living, Arts and Humanities, Art, Music, and Other Related Arts**
*Primary–Grade Five*
- O .......... Outstanding—work consistently exceeds grade-level expectations/standards.
- S .......... Satisfactory—work meets grade-level expectations/standards.
- NI......... Needs Improvement—improvement is needed to meet grade-level expectations/standards.
- U .......... Unsatisfactory—work does not meet grade-level expectations/standards.
- N/A....... Not Applicable—not taught this nine weeks

**Explanation of Process Codes**

**Primary and Intermediate**
- 4 .......... Consistently and independently
- 3 .......... Frequently
- 2 .......... Sometimes
- 1 .......... Rarely

**Standards-Based Grading**

For schools using standards-based grading, the following conversion chart should be used to connect the standards-based grading scale to the JCPS grading scale:

Reporting Student Performance and Grade Reporting

Communication with students and parents concerning student progress is critical. Report card grades are determined and recorded at the end of weeks 9, 18, 27, and 36 of the school year. The JCPS District-approved report card is distributed to students following every nine-week grading period. Explanatory comments shall accompany all below-standard grades on the report card. If a student is not making satisfactory progress, parents/guardians must be notified by phone or in writing, by the teacher at least two weeks prior to the end of the grading period. Parent contact must be documented by the teacher. An intervention plan must also be developed and implemented to assist struggling students.

If the parent/guardian wishes to appeal a grade, the principal will inform the parent/guardian of the appeal process (see “Appeals,” page 12). The Individual Education Plan (IEP) for Exceptional Child Education (ECE) students and Program Services Plans for English Learners (ELs) may be considered in the appeal.

In addition to completing report cards, teachers collect, maintain, and analyze data to determine if a student with disabilities is making expected progress toward IEP goals using the IEP progress report. This progress report is sent to parents on the same report card schedule as specified by the district for all students.

Student Support and Assistance

Support and assistance are provided for students who need extra help. JCPS support and assistance may include the following:

- ECE Services
- English as a Second Language (ESL) Program
- Extended School Services (ESS)
- Family Resource Centers (FRCs)
- Guidance Services
- Multi-Tiered Systems of Support (MTSS)
- Louisville Linked
- Every 1 Reads
- Read to Achieve
- Reading Recovery (Primary level only)
- Title I Funded Programs
- Extended Learning Opportunities
- District- or School-Designed Intervention Programs

Explanation of Academic Grades—Traditional Program Option

Reporting of student progress for students enrolled in the district’s Traditional School Program may be based on the following key:

- EP ....... Excellent Progress
- GP ....... Good Progress
- SP ....... Satisfactory Progress
- LP ....... Little Progress
- PB ....... Progress Below Age-Appropriate Expectations

For grades four and five, academic grades are based on a percentage score. An explanatory message to parents/guardians accompanies any grade below C.

- A ........ 90–100%
- B ........ 80–89%
- C ........ 70–79%
- D ........ 60–69%
- U ........ (Unsatisfactory) Below 60%

Grades for conduct, work and study habits, and participation in special area classes (practical living, arts and humanities, and other related arts classes in grades four and five) are designated as follows:

- O ........ Outstanding
- S ........... Satisfactory
- NI......... Needs Improvement
- U ........ Un satisfactory

Students with an NI, D, or U report card grade in any core content area shall receive clarifying comments in Areas for Growth or other report card comment area.
**Primary Program**

Kentucky’s Primary Program is the part of the elementary school program in which students are enrolled from the time they begin school until they are ready to enter the Intermediate Program (fourth grade). The Primary Program includes the following critical attributes: continuous progress, developmentally appropriate educational practices, authentic assessment, multiage and multiability classrooms, qualitative reporting methods, professional teamwork, and positive parent involvement. The Primary Program is based on continuous progress (704 KAR 3:440). In a continuous progress educational model, students never start over; they move forward in individual or flexible group instruction to achieve expectations, meet benchmarks, and master standards. To accomplish these goals, students may require an additional year in the Primary Program. Students may also exit the Primary Program early.

Students struggling to meet academic and/or age-appropriate behavior expectations will be provided interventions based on the MTSS framework. The school shall communicate with the parent/guardian about the provided interventions.

Based on the Interim Methods for Verifying Successful Completion of the Primary Program (703 KAR 4:040), a student will advance from the Primary Program to the Intermediate grades when he or she:

- Expresses himself or herself clearly and effectively in oral and written forms.
- Processes oral and written information as evidenced through listening and reading.
- Demonstrates confidence in his or her ability to communicate.
- Applies mathematical procedures to problem solving.
- Applies mathematical concepts, including computation, measurement, estimation, and geometry.
- Collects, displays, and interprets data.
- Demonstrates use of monetary values in an economic system.
- Demonstrates appropriate and relevant investigation skills to solve specific problems in real-life situations.
- Creatively expresses ideas and feelings.
- Applies democratic principles in relationships with peers.
- Identifies contributions of diverse individuals, groups, and cultures.
- Demonstrates responsibility for personal belongings.
- Shows respect for the property and rights of others.
- Displays self-control and self-discipline.
- Accesses appropriate resources for learning in school, at home, and in the community.
- Participates in group activities cooperatively.
- Chooses appropriate processes and strategies to solve given problems.
- Applies previously learned knowledge and concepts to new situations.

To determine if students demonstrate the above, the child’s teachers shall:

- Collect a variety of student work samples.
- Maintain anecdotal records and other assessments as needed.

The determination of successful completion of the Primary Program shall be made on an individual basis. Evidence to support this determination may include anecdotal records, student work products, standardized tests, and school and district summative assessment results. Review of assessment records, in alignment with the 18 criteria set forth in the 703 KAR 4:040 (listed above), is also considered.
Early Admission to P1 (Kindergarten)

The first year for Primary school begins with students who turn age 5 on or before August 1. In accordance with KRS 158.031(6), JCPS has established criteria for early entrance to Primary 1 (P1), also known as kindergarten. Students who turn 5 years old between August 2 and October 31 will be eligible for early entrance enrollment provided that the students meet criteria established by the JCBE. Contact the Parent Assistance Center at (502) 485-6250 for more information.

Criteria for Early Entrance (P1)

- Child must be a resident of Jefferson County, Kentucky; and
- Child must turn 5 between August 2 and October 31 of the admission year; and
- Child must meet the benchmark on the screening assessment identified for use by the district.

Primary Program—Promotions (Accelerated Placement)

A school team—which must include the parents/guardians, teachers, and a school administrator—will collect and review a student’s assessment records when considering the promotion of any student in the Primary Program.

Following this review, the school-based team (in consultation with the student’s parents/guardians) will determine if the student should be promoted within the Primary grades (e.g., from second grade [P3] to third grade [P4]). A district-designated form shall be used to document this process and make a recommendation to the principal. The Early Exit/Accelerated Placement Recommendation to the Principal Form is included in the appendix and is available on the JCPS website.

For any student who will move from P1 to first grade (P2) before reaching the age of 6 by the enrollment age deadline, the state-required procedures must be followed and occur within the first six weeks of enrollment.

See the appendix for the form to be used for accelerated placement for Primary students under the age of 6 by the enrollment age deadline.

The principal must inform the parents/guardians of his or her decision, in writing, within five instructional days of the school team’s recommendation. The principal must also inform the parents/guardians of the appeal process (see “Appeals,” page 12). If it is determined that the student merits promotion within the Primary Program, the written documentation (completed and signed copy of the JCPS District-designated form or the Kentucky Department of Education [KDE] Accelerated Placement in Primary Program [5-year-olds]) shall become part of the student’s permanent record.

Primary Program—Early Exit

A school team—which must include the parents/guardians, teachers, and a school administrator—will collect and review a student’s assessment records when considering the early exit of any student in the Primary Program.

Following this review, the school-based team (in consultation with the student’s parents/guardians) will determine that the student has met the benchmark on the screening assessment identified for use by the district. For any student who will exit the Primary Program early, the written documentation (completed and signed copy of JCPS District-designated form) shall become part of the student’s permanent record.

Primary Program—Additional Time

A student may require additional time in the Primary Program in order to demonstrate readiness for progression. The decision of whether the additional year in the Primary Program occurs in early Primary or late Primary is to be based on multiple sources of data. A school team, which must include the parents/guardians, teachers, and a school administrator, will collect and review a student’s assessment records when considering delayed exit for any student in the Primary Program. This conference shall take place at least 30 school days before the final day of the school year in which a decision is considered.

Based on this review, the team will determine if the student needs to spend an additional year in the Primary Program. Individual placement decisions for children who are eligible for special education and related services shall be determined by the appropriate Admissions and Release Committee (ARC), pursuant to 707 KAR 1:051. A district-designated form shall be used to document this process and make a recommendation to the principal. The Additional Time in the Primary Program Form is included in the appendix and available on the JCPS website. The principal must inform the parents/guardians of his or her decision, in writing, within five instructional days of the team’s recommendation. The principal must also inform the parents/guardians of the appeal process (see “Appeals,” page 12). If it is determined that the student will spend an additional year in the Primary Program, school personnel will consult the Department of Pupil Personnel to inform correct Infinite Campus coding and completion of the required paperwork, which is to be included in the student’s permanent record.
Progression for Intermediate Students

All students will have access to the curriculum mandated by the KAS/Program of Studies. All students struggling to meet performance expectations will be provided interventions based on the MTSS framework.

The decision to promote a student is made by local school administrators based on observations and the student’s demonstrated performance of the curriculum and academic expectations. Documentation of student performance may include report card grades, school- or district-created summative assessments, other standardized assessments, teacher observations and logs, anecdotal records, and MTSS data.

Retention and Promotion in Intermediate Grades

A conference that includes the principal/counselor, teacher(s), and parents/guardians is required when considering retention in the Intermediate grades. Documentation of student progress; implementation of interventions (MTSS); a review of student work samples in reading, writing, and mathematics; and anecdotal records, logs, and evidence of frequent teacher/parent communications will be reviewed during this conference.

Following the staff/family conference, the parents/guardians are sent a written notification of the retention decision via US Mail no later than the thirtieth week of the school year. If retention is recommended, documentation shall become part of the student’s permanent record. The parents/guardians must also be informed of the appeal process (see “Appeals,” page 12).

If the school makes a decision to promote an Intermediate student and the parent/guardian disagrees with that decision, the steps outlined for appeal of retention of an Intermediate student shall apply (see “Appeals,” page 12).

Early Exit From Elementary School to Middle School

A school team—which must include the parents/guardians, teachers, the elementary school administrator, and a middle school administrator—will collect and review a student’s assessment records when considering the early exit for any student from elementary school. The principal must inform the parents/guardians of his or her decision, in writing, within five instructional days of the school team’s recommendation. The principal must also inform the parents/guardians of the appeal process (see “Appeals,” page 12). If it is determined that the student will exit elementary school early, the written documentation (completed and signed copy of the JCPS District-designated form) shall become part of the student’s permanent record.

Appeals—Grade Reporting, Primary Program Promotion (Accelerated Placement), Early Exit From Primary Program, Additional Time in the Primary Program, Early Exit From Elementary to Middle School

Note: It is the responsibility of the school administrators to provide parents/guardians with instructions for completing appeals and to ensure equitable access for an appeal (i.e., translated documents, names and addresses, email access).

Grade Reporting

Concerns regarding a grade are to be directed to the teacher first. If the concern is not resolved, the parent/guardian shall request a meeting with the teacher and a counselor/assistant principal to discuss the concern. If the concern is not resolved at the meeting, a meeting with the principal is scheduled. The principal will review documentation and inform the parent/guardian of the decision regarding the appeal. This is the final step in the grade reporting appeal process. In cases that involve students with disabilities, the procedures mandated by federal and state law for students with disabilities shall be followed.

Primary Program Promotion (Accelerated Placement), Early Exit From the Primary Program, Additional Time in the Primary Program, Early Exit From Elementary to Middle School

The appeal process is initiated by the parent/guardian and proceeds according to the following:

1. Within ten days of receipt of the written decision from the principal, the parent/guardian submits a letter to the appropriate assistant superintendent for review and consideration.

2. The appropriate assistant superintendent shall send a written response to the parent/guardian and the principal stating the final decision. This is the final step in the appeal process.

Appeals—Retention/Promotion in Intermediate Grades

The appeal process is initiated by the parent/guardian and proceeds according to the following:

1. Within ten days of receiving notice of retention/promotion, the parent/guardian informs the school principal in writing that reconsideration is requested, giving reasons for initiating the appeal process.

2. Within five days of receiving a parent’s/guardian’s letter, the principal will review the documentation and rationale used to make the initial decision.
3. The principal will then notify the parent/guardian in writing of the decision concerning the appeal, scheduling a conference if needed.

4. If the parent/guardian wants to appeal the principal’s decision, a letter shall be sent within ten days to the appropriate assistant superintendent requesting review and reconsideration.

5. The appropriate assistant superintendent will send a written response to the parent/guardian and the principal stating the final decision. This will be the last step in the appeal process.

Transfer of Students’ Grade Reporting

When an elementary student transfers, the sending school shall include the JCPS Withdrawal and Release Form (form is available on the JCPS website) and the elementary transcript indicating the student’s academic progress for the current grading period. One copy of each shall be placed in the Student Cumulative Record Folder.

Evaluation of Non-JCPS Transcripts

Parents/Guardians of non-JCPS or homeschooled students who wish to enroll their child in JCPS should schedule an appointment with the school administrator. Students who miss the state assessments will be expected to demonstrate competency in reading, on-demand writing, and mathematics. The principal/designee will determine the appropriate grade placement based on a review of the following:

- Transcript—record of grades earned by the student
- The name, author, and publisher of textbook(s) used
- Attendance manual—record of days and times taught
- An outline of materials covered in each subject
- Selection of student’s best works from each subject
- Additional assessments considered helpful in determining grade placement
- Students who are identified under IDEA should be evaluated by the ARC and assigned to the class or grade to which the students are best suited.

After a homeschooled student is accepted into JCPS, the parent/guardian must notify the Pupil Personnel Office in writing to terminate the homeschool status. The letter should include the student’s name, date of birth, and grade.

Evaluation of Non-JCPS Transcripts for Advance Program Placement

Parents/Guardians need to submit the following information to the district’s Gifted/Advance Program coordinator to determine if placement in the JCPS Advance Program is appropriate for their child:

- Test results from the Cognitive Abilities Test (CogAT), which JCPS uses in placing students in the Advance Program; a comparable test used by psychologists is the Wechsler Intelligence Scale for Children-Revised (WISC-R). Any test that has a Cognitive Skills Index will be reviewed and considered.
- Copies of the student’s last two years’ report cards
- Copies of the student’s latest standardized achievement test scores
- Gifted/Talented screening information used by the out-of-district school to determine placement of the student in its gifted/talented program
- Any additional materials that the parent/guardian or district designee considers helpful in determining Advance Program placement
Exceptional Child Education Program

Nothing in this handbook replaces or substitutes any student rights as guaranteed by the Individuals with Disabilities Education Act (IDEA) or state law. Students with a disability will always be entitled to the rights and protections afforded to them by state and federal law.

For information regarding students with disabilities, including students in the referral process, reference 707 KAR 1:002 - 707 KAR 1:380 regulations.

707 KAR 1:290 Free Appropriate Public Education. (1) An LEA shall make a free appropriate public education (FAPE) available to all children with disabilities aged three (3) to twenty-one (21) residing within its district’s boundaries who have not received a high school diploma, including children with disabilities who have been suspended or expelled for more than ten (10) school days in a school year. FAPE shall be provided to each child with a disability even though the child has not failed or been retained in a course and is advancing from grade to grade based on the child’s unique needs and not on the child’s disability. An LEA shall not be required to provide FAPE to a student eighteen (18) years old or older, who is placed in an adult correctional facility if, in the educational placement prior to placement in the correctional facility, the student was not identified as a child with a disability and did not have an IEP.

 Additional Considerations and Requirements for English Learners

Classroom teachers design and modify instruction, assignments, and tests based on students’ English language proficiency levels in reading, writing, listening, and speaking as determined by the English Language Proficiency Screener or Assessing Comprehension and Communication in English State-to-State (ACCESS) assessment.

ELs receive instructional and assessment accommodations in the classroom while being instructed with KAS on grade level. A student’s Program Services Plan (PSP) outlines the instructional and assessment accommodations that should be implemented.

The WIDA English Language Development Standards are to be used as a tool to provide greater access to KAS. The WIDA Can Do Descriptors highlight examples of what ELs can do at each English proficiency level. It is a grade-specific resource designed to guide teachers in planning meaningful activities with ELs, including Newcomer ELs (ELs who are in their first or second calendar year of enrollment in a U.S. school and who score below a 2.5 overall ACCESS score).

Federal guidance states that ELs, including Newcomers, are to be provided standards-aligned instruction that is “rigorous, grade-level appropriate, and provides deliberate and appropriate scaffolds,” including assessment and instructional accommodations. Report card grades are to reflect these instructional and assessment accommodations without limiting the student from earning the highest grade in the content area. Students shall not receive grades of “D” or “U” on assignments solely based on their English proficiency level. A student could receive a “D” or “U” only if the student’s lack of performance on appropriately modified or accommodated work warrants such a grade.

**Early Exit/Accelerated Placement Recommendation to the Principal Form**

The determination of early exit or accelerated placement shall be made on an individual basis. Evidence to support this determination may include anecdotal records, student work products, standardized tests, and school and district summative assessment results. Review of assessment records, in alignment with the 18 criteria set forth in the 703 KAR 4:040 (listed in the elementary school SPP&G) is also considered. A school-based team, in consultation with the parent/guardian, shall collect and review the evidence when considering a recommendation to the principal for any student's early exit or accelerated placement.

This form is used to document this process. The principal makes the final decision and notifies the parent/guardian of the decision and appeal process as defined in the elementary school SPP&G document.

A copy of the email response is to be placed in the student's permanent folder and a copy provided to the parent/guardian.

KDE Accelerated Placement in Primary Program (5-year-olds)

Under KRS 158.031, school districts may advance a student through the primary program when it is in the best educational interest of the student. A student **who is at least five years of age, but less than six years of age**, may be classified as other than a kindergarten student for the purpose of funding if the student is determined to have acquired the academic and social skills taught in kindergarten. Eligibility for accelerated placement is based upon a school team review of multiple sources of information about the child, and the review must include anecdotal records, student work samples, including evidence of self-reflection, and standardized test results (702 KAR 7:125). Local board approval is also required. Districts must complete and submit this form to KDE for approval in order to receive full funding. Please be advised that all data required for determination of accelerated placement of this student is subject to an audit by KDE.
