Welcome

The Substitute Center is a support center for District substitute staffing needs. The center is also responsible for maintaining the automated substitute call-out system; Absence Management, for certified full-time permanent teachers as well as classified positions (with the exception of bus drivers, custodians and nutrition workers). We are always here to assist you and look forward to serving your needs so that you can better serve students. To meet the ever-increasing demands, the Human Resources department has developed incentive programs, procedures, and information on attendance benefits. We welcome your input concerning programs and procedures and need your help to be successful.

Action Steps and Information to Prepare for Substitute Teachers

1. **Greet and orient the Substitute teacher.** Room visits to show support are very helpful.
2. Assign a staff member to answer questions, “put out fires,” introduce the substitute to other teachers, briefly go over school rules and procedures, and give building layout.
3. Provide succinct discipline procedures for substitute teachers.
4. Identify desired student performance and behavior when there is a substitute teacher.
5. Provide an opportunity for substitute teacher feedback at the end of the day.

Substitute Folders
The effectiveness of a substitute teacher is greatly influenced by the materials and expectations left by the classroom teacher.

A substitute folder is a good way to keep these materials together. It should include:
- Plan of the school building
- **Up-to-date** class list and seating chart
- Attendance procedures
- Hall passes—procedures
- Adequate lesson plans – complete, understandable, and engaging (to include any special IEP needs)
- Emergency procedures
- Discipline suggestions/procedures for substitutes
- Office Phone Number
- School Policy(ies)

A substitute teacher’s effectiveness can be further enhanced if an administrator “stops by” the room periodically to show support and reinforce expectations. Remember; the Substitute Teacher needs support from the school administrators and staff to be successful!
Absence Reporting
A call to Absence Management does not replace school procedures for reporting absences. If you want your staff to contact you or a designated staff member to report an absence, inform your team of this procedure. In addition, the absence needs to be either created online or called in to Absence Management to request a substitute. The request for a substitute should be made as soon as possible and no less than one hour before school begins to increase the probability of filling the assignment. Late calls severely limit the possibility of finding a substitute; and if a substitute is assigned, he/she will be late.

Absence Management (AM)
All substitute positions that fall into the category of Certified Teachers, Classified Instructional, Clerical Support and In School Security Monitors must be assigned through AM. If no substitute is required, please select “no” to indicate that a Substitute is NOT required for the assignment.

**NOTES ARE IMPORTANT** Please clearly indicate the Subject area and/or assignment for Certified Teachers and any specific or special job duties for Classified Staff within the notes area of Absence Management. This MANDATORY information ensures Substitutes know what type of an assignment they will be accepting.

DOUBLE CHECK FOR ACCURACY** When logging the assignment online, please verify that the Location is the correct physical location (where the Substitute needs to report) for the assignment, confirm that all fields have been completed including the notes and make sure that you’ve received a confirmation number before logging out or hanging up.

The Substitute Center staff is available at the hours listed on page 2 to help you.

Extended Duty
Substitute teachers are to assume all of the responsibilities of the teacher they have replaced unless otherwise advised by the school office within the normal 7.0 workday. Substitute Teachers are not expected to work extended duty, unless the school day is extended for a natural disaster or an emergency arises at the end of the day; in example; a lock down. However, the principal should consider the level of effectiveness of a person who is not familiar with the building, the procedures, or the students.
Two Substitutes for One Assignment
In the event two substitutes arrive for one assignment, the substitute assigned through AM has the assignment. Please contact the Substitute Center immediately at 3110. The other substitute may or may not be offered another assignment.

Evaluations
Please complete and submit evaluations for substitutes so that we may applaud successful classroom management skills and provide support for substitutes who may be in need of additional assistance. Most problems may be solved by speaking with the substitute; others may need to be referred to the Substitute Center. If problems are severe, please specifically document the deficiencies and forward the evaluation to the Substitute Center. See “Forms” Section of Handbook. Please fax to Sub Center at 313-2705. Please contact the Substitute Center Supervisor when allegations are reported to the Compliance and Investigations office and/or CPS.

Requesting a Specific Substitute
Requests for a specific substitute may be made by creating a “preferred substitute” list for your location and selecting the substitute specifically to be called first for an available assignment at your location. The Substitute Center cannot give substitute phone numbers.

AM will attempt to contact the requested substitute each hour during call-out until 8 p.m. the night before the job start date, and one time the morning of the assignment. At that time the job will be released and offered to other substitutes.

You may assign a specific Substitute to an assignment. If you do, you MUST make sure prior arrangements and communication concerning the assignment with details has already been established beforehand. AM will not make a reminder call to a Substitute that is already assigned to an assignment.

Requesting Substitutes to Return
School staff may ask a substitute to return the next day if the substitute is not already assigned. The assignment MUST be entered in AM with an active Job #. A job extension may be done by modifying the job end date. Contact the Center at 3110 if you need help.

Substitute Teachers Who are Late
It is not always possible for a substitute teacher to be on time, as this depends upon when the substitute accepted the assignment and how far he/she has to travel.

If a substitute has not arrived within a reasonable length of time (1 hour), you should call the substitute’s home. (AM tells you the substitute’s phone number and name when giving a summary of the day’s jobs.) Please report late substitutes to the Substitute Teacher Center at 3110 and submit an evaluation by fax to 313-2705.
Long Term/Temporary Appointee Assignment Placement – Certified Assignments ONLY

Long-term assignments are reserved for Substitute Teachers who are highly qualified (hold certification in the corresponding grade level and subject matter of the teacher absence or vacancy). Every effort will be made to provide locations with a list of eligible Substitute Teachers for long-term assignments, when requested by the school. However, if there are no available substitute teachers who hold certification in the corresponding grade level, a substitute teacher will be assigned according to the regulations outlined by 16 KAR 2:030 Section 2.

A long-term substitute position is defined as any position that is at least 20 days in length. According to 16 KAR 2:030 Section 2, to employ a substitute teacher during the temporary absence of the teacher of record for a position, priority in selection and employment shall be given in accordance with the following order:

1. A teacher who holds appropriate regular certification corresponding to the grade level of the teaching assignment;
2. A teacher who holds regular certification for classroom teaching at any grade level;
3. A teacher who holds the Certificate for Substitute Teaching;
4. Except as provided in subsection (5) of this section, a person certified on an emergency basis for substitute teaching pursuant to 16 KAR 2:120, who shall be called according to the following descending order relating to the amount of college hours completed:
   (a) A Bachelor's degree;
   (b) At least ninety-six (96) semester hours of college credit;
   (c) From sixty-four (64) to ninety-five (95) semester hours of college credit;
5. A person certified on an emergency basis for substitute teaching in a health, technical, or industrial occupation with a minimum of four (4) years of occupational experience in the area to be taught and a high school diploma or its equivalent as determined by evidence of a passing score on the General Education Development Test.

Reporting Long-term Temporary Appointee Assignment Placement

The substitute may be in a position for a permanent full-time teacher using sick days, on leave status, or may be in a vacant position for which the school has a budgeted slot. Beginning on the twenty-first day, the substitute will be paid at the substitute teacher rate times 1.5, retroactive to the first day of the assignment. Paid leave is not provided to temporary appointees. Temporary appointees receive pay for paid holidays that occur during the assignment but after the first twenty days

Summary of Steps to Take to Report a Temporary Assignment Placement

1. If the substitute teacher for the assignment has been pre-arranged, submit the long-term form to the substitute center by fax (313-2705) or email to Debbie Roberts. Please confirm receipt and approval of the assignment. Ensure that the information requested above, is listed on the form.
   a. The Substitute Center will notify your location if the substitute teacher is not considered highly qualified. However, this should be checked before the form is submitted.
   b. If the substitute is not highly qualified a list of highly qualified substitutes will be sent to the school. If there are no available highly qualified substitute teachers for the assignment, the location will be notified and the Substitute Center will proceed forward with the request. Please note this will show up on the lead error report. Also, title I schools must send the letter to parents to notify them their
child will be taught by a substitute teacher who is not considered highly qualified by EPSB, for the assignment.

c. If the principal does not wish to select a substitute teacher from the list of highly qualified substitutes; the Substitute Center will proceed forward with the placement upon written request form the principal. Please note this will show up on the lead error report. Also, title I schools must send the letter to parents to notify them their child will be taught by a substitute teacher who is not considered highly qualified by EPSB, for the assignment.

2. Send a copy of long-term assignment form to Debbie Roberts, when the substitute has worked 20 consecutive days. Include the dates on the copy of the form you previously sent.

3. Send a copy of the long-term assignment form to Debbie Roberts, when the long-term assignment has ended. Include the date on the copy of the form you previously sent.

It is the school’s responsibility to notify the Substitute Center when a substitute teacher is eligible for the long-term assignment incentive pay and when the assignment has ended. This notification is the long-term assignment form with dates listed so that the substitute may be entered in the assignment and removed from the assignment and the school’s payroll, in a timely manner and avoid overpayment to the substitute teacher. Please note that any overpayments to the substitute teacher not removed from a long-term assignment, will be recouped by the payroll department and the location will be responsible for explaining this to the substitute teacher. Please verify receipt of all forms, because fax machines can encounter challenges, by calling the Substitute Center at 485-3110.

Additional Substitute Teacher Assignment Options

Preferred Substitute
A preferred substitute is an active substitute teacher who is recommended by principals at school locations that qualify for preferred substitutes. Preferred substitutes are assigned to a “home school.” They are guaranteed employment each school day and paid according to the Board approved salary schedule plus $15 per day. These substitutes must work every school day and must take any job assigned. If the “home school” does not have any teacher absences and only extra absences for a day, the Preferred will be pulled to work at another school for the day. Failure for a Preferred to report to a placement requested by the Substitute Center or failure for the location to assist with the placement, could lead to removal of the Preferred Substitute at that location. An audit is conducted annually to determine which schools will receive a Preferred Substitute Teacher. The preferred substitute list is generated annually, an agreement must be signed by the substitute teacher and principal and the agreement is only valid for the current school year. The Preferred Agreement can be voided at any time based upon the determination of the Substitute Center, Principal or Preferred Substitute Teacher.
Auto Substitute
A school may request a substitute to report to the school on days when there is an absence at the school. The substitute will be placed on Auto Assignment listing through the AM computer and therefore assigned to the first absence called in for the school (not filled by the location’s Preferred Substitute, when applicable). All assignments must be made through the AM computer.

Although a substitute may be on a location’s auto listing, this does not ensure that this particular substitute will always get your assignment. The Auto Substitute is allowed to accept assignments at any location within the district. However, the system will make all efforts to give this substitute the highest priority. The District will pay for the substitute when the substitute is assigned through the AM computer for a teacher who is on sick, emergency, or personal leave. It is the responsibility of the school to pay for the substitute when no absence is reported or when the teacher is on professional leave. Compensation is at the substitute teacher Board approved salary schedule rate.

**Discipline Techniques:**

- If the class is getting a little loud, put on the classical music cd (on my desk) on a volume level where the music is just a little louder than the students. They normally quiet as soon as they hear the music. Lower the volume a bit every few moments and their noise level will follow.

- Write **RECESS** on the board and erase one letter each time the class is disorderly. If all six letters disappear, so does recess!

- For individual student behavior problems, please have them move their clip on the stoplight from green to yellow. A second infraction and they move to red. Students on yellow at recess time miss five minutes and students on red miss their entire recess.

- If a student is misbehaving, being disrespectful, etc, have them come up to your desk and write their name on the behavior log along with what they did. (Help them with the reason in case you get an “I don’t know.”) The physical act of having to come and write their own name down is usually enough to scare them straight!
