1. What is the racial inequity you are going to address with your Racial Equity Improvement Strategy?	Specifically, what is the racial disparity that will be intentionally addressed in your school this year?	We will address racial disparities in students feeling connected to our school and those who identify Norton as a caring environment.	<ol style="list-style-type: none"> <li>1. <i>Identifies no racial inequity, identified topic is unimportant, or issue is not relevant to school.</i></li> <li>2. <i>Identified issue is somewhat relevant to school</i></li> <li>3. <i>Identifies meaningful inequity that is very relevant to school.</i></li> </ol>
2. How do you know this? What data demonstrate inequity?	What data demonstrate this inequity? Use CSS, Data Books, KDE, or another reliable and valid source.	Based on the Comprehensive School Survey results from Spring 2017, 71.43% of our African American male students feel they can talk with our counselor compared to 91.67% of our white students. 73.33% of our African American males feel that our school has a caring supportive environment for students, compared to 95.19% of our white students.	<ol style="list-style-type: none"> <li>1. <i>Insufficient data to define inequity.</i></li> <li>2. <i>Need more or more reliable or valid data to define inequity.</i></li> <li>3. <i>Data clearly highlight inequity that will be addressed through strategy.</i></li> </ol>
3. What is the long-term outcome you hope to impact?	Please note that this may not be the same as the data you are tracking (described below). For example, your strategy may involve increasing the	We want to increase the percentage of our African American male students who identify Norton as having a caring and supportive environment. We also want our African American male students to build relationships with our counselor and feel supported by all adults in our school.	<ol style="list-style-type: none"> <li>1. <i>Identified long-term outcome is irrelevant to school, or no long-term outcome identified.</i></li> <li>2. <i>Long-term outcome is acceptable, feasible, and relevant to school.</i></li> <li>3. <i>Identified long-term outcome is</i></li> </ol>

In this case, your long-term outcome would be to improve KPREP scores among Black students, by increasing enrollment in G&amp;T programming among Black students</p>		<p><i>feasible given the inequity identified in Question 1, it is relevant to school, and it demonstrates an innovative approach to addressing racial equity.</i></p>
<p>4. What historical or current practices or procedures have caused or perpetuated the disparities or inequities you are addressing?</p>	<p>Reflect on historical occurrences in your school, department, district, or community that have improved or worsened inequities</p> <p>Consider and discuss how you can use the REAP to reflect.</p>	<p>Over the years, there has been a decline in African American males perceiving our school environment as supportive and caring. Based on Comprehensive School Survey data, connectedness for African American students is consistently lower than our white students. When a sense of connectedness increases, student engagement increases ultimately resulting in higher academic achievement for our African American male students.</p>	<ol style="list-style-type: none"> <li>1. <i>Response shows minimal reflection of occurrences that may have contributed to observed racial inequities.</i></li> <li>2. <i>Response indicates some reflection of root causes.</i></li> <li>3. <i>Response demonstrates extensive and insightful reflection on root causes of observed racial inequities.</i></li> </ol>
<p>5. What are best practices to address your identified inequity?</p>	<p>Consider practices and interventions at other schools and how your peers can support you. You might also review research-based best practices from Department of Education, JCPS Code of Conduct, or</p>	<p>Cultural Proficiency Professional Development will be provided to all staff. Be sure to explain why you chose this best practice over others you outline above.</p> <p>Your plan will be included in your CSIP, and your assistant superintendent will be responsible for monitoring the implementation of your plan.. 8. Timeline	What is the timeline for tracking your data? Will you report monthly, quarterly, etc.?	<ul style="list-style-type: none"> <li>• Lunch Bunch sessions will last 5 to 6 weeks per session, based on student need. 9. Responsible individuals or group.	Who will be primarily responsible to ensure plan is implemented fully and with fidelity? Who will be primarily responsible for tracking and reporting data to assistant superintendent?	<ul style="list-style-type: none"> <li>● Principal</li> <li>● Counselor</li> <li>● Administrative Team</li> <li>● Equity Committee</li> <li>● Culture/Climate Committee</li> </ul>	<ol style="list-style-type: none"> <li>1. <i>No responsible individual or group identified, or identified party is inappropriate or unreliable.</i></li> <li>2. <i>Responsible party is somewhat acceptable.</i></li> <li>3. <i>Responsible party will reliably enforce timeline and ensure progress is made.</i></li> </ol>

11. Challenges	<p>What hurdles or conflicts do you anticipate, and how will you address them? Are there logistical considerations? Will you get pushback from any groups (teachers, parents, students, community)? Consider your responses to earlier questions and how you have engaged stakeholders..how will you engage your supporters moving forward?</p> <p>What PD offerings will you need to ensure success?</p>	<ul style="list-style-type: none"> <li>Our challenge is time, as students may miss some instructional time when meeting with mentors.</li> <li>Mr. Smothers chairs Admissions and Release Committee meetings and supports our Exceptional Child Education department which is very time consuming.</li> </ul>	<ol style="list-style-type: none"> <li><i>Anticipation of potential challenges is not sufficiently developed.</i></li> <li><i>Anticipation of potential threats is somewhat developed, but needs more depth.</i></li> <li><i>Potential threats have been thoroughly considered, and discussion of how these will be addressed is reasonable and logical.</i></li> </ol>

POST REFLECTION	Directions	Notes
13. Full implementation	<p>How will you know your plan is fully implemented? What will that look like? Describe (without data) how</p>	<p>African American male school engagement will increase.</p>

	you envision your school will run differently than it currently does, after this plan has been put into motion.	Males will be more active in school and classroom activities. The relationships created will translate into higher academic achievement for all African American male students.
14. Adjustment	What are indicators that your plan is not working and needs adjustment?	If student feedback and survey data is negative, we will make adjustments to our plan.
